

# LOCAL INTELLIGENCE.

Wednesday February 11. : : 1891

## New Advertisements.

Just Received—W. R. Doty & Co.  
Notice—A. S. Douglass and Others.  
It Will Pay You—Ketchin & Cathcart.  
For Sale—A. S. & W. D. Douglass, Attorneys.  
\$3.01 Per Cent Goods—Jas. Q. Davis, Winoboro, S. C.  
Notice, Cedar Creek Bridge—B. G. Tennant, Chm. Bd. Co. Com.

## Local Briefs.

—Mr. T. L. Bulow, of Ridgeway, had a fine Berkshire sow run over and killed by the up passenger train on Thursday.  
The surplus in the town treasury was increased on Monday by the collection of some fines imposed by the Intendant.  
—W. D. Douglass, Esq., has been appointed local counsel of the Richmond and Danville Railroad Company at this place.  
—Mr. J. D. McCarty has returned from Greenville, where he has been with his horses. We understand that owing to the bad weather the races were postponed.  
—The law firm of A. S. & W. D. Douglass has increased its office room by adding to their present quarters the office formerly occupied by H. N. Obear, Esq.  
—The Longtown Prize Club met on Friday night last at the residence of Mr. D. W. Tidwell and partook of oysters both stewed and fried and had a good time generally.  
—We are requested by the Clerk of the Court, to say that there is a parcel of dry goods and a small box left in his office by some person unknown to him. The owner can get it by calling and proving property.  
—We are glad to learn that Mr. B. G. Tennant, Chairman of the Board of County Commissioners, who has been quite ill for some time past, is improving and expects to be able to resume his official duties.  
—We welcome to our advertising columns the new firm of Ketchin & Cathcart. This is a young firm who start business under very auspicious circumstances, and we bespeak for them a liberal share of the trade.  
—We are requested by the Clerk of the Court to call the attention of the Trial Justices to the fact that the Acts and Joint Resolutions of the General Assembly are in his hands ready for distribution. They will please call and get them.  
—Old Sol showed his face for a little while on Monday. We presume for the purpose of reminding us that he had not left his accustomed post. We are truly glad to see him, and most cordially invite him to call again and spend a couple of weeks with us.  
—We call attention to the advertisement of the Globe Phosphate Company, of Columbia, which appears in this issue. The analysis of their different brands has been made by a thoroughly reliable and competent chemist, and they guarantee their goods to come up to the analysis.  
—Thursday morning was the coldest of the winter, the thermometer at seven o'clock registering 28 degrees. It commenced to get warmer towards night, and Friday was a good deal warmer accompanied by a drizzling rain, making walking anything but a pleasant pastime.  
—Attention is called to W. R. Doty & Co.'s new advertisement in to-day's issue. This firm can start a farmer from the stump; supply him with mules and horses, wagons, harness, plows, guano, etc., and then feed him, his family, hands and stock during the year. Give them a trial.  
—The Rev. Mr. Sweeney, Rector of the Protestant Episcopal Church at Rock Hill, has been assigned by the Bishop to preach at Winoboro and Ridgeway. He will preach at Winoboro once a month for the present. Mr. Sweeney preached here on Sunday afternoon and night, and made a most favorable impression.  
—The Young Men's Literary Club had a young meeting last Wednesday evening; it was well attended and the members were in good spirits and fully determined to go ahead and make their club a big success. The following members were elected: W. D. Douglass and F. H. McMaster. After a splendid discussion of an hour's duration, the meeting adjourned.  
—Mr. Thomas Anderson, of this county, had a very narrow escape on Monday afternoon. He attempted to board the south-bound passenger train at the depot while it was in motion and missed his footing and fell and was dragged some distance before the train was stopped. He escaped, however, with a severe shaking up and a slight bruise on his forehead.  
—The granite property in this county, known as the Anderson property, was sold in Columbia on last Monday at public outcry and brought \$24,610 cash. It was bought by W. J. Redding, of Charleston. It is to be hoped that this property will be developed by its new owner. This sale is certainly good evidence that Fairfield is beginning to get on a good healthy boom.  
—Our office had the pleasure of a visit on Friday from Mr. S. C. Roberts, of Garland, Tipton County, Tennessee. Mr. Roberts had his name added to our list of subscribers, and spoke very kindly of The News and Herald, saying that each visit of the paper would be like a letter from home. We would say that our latest string is always on the outside for this kind of visitor.  
—We hear distant mutterings of matrimonial thunder in the air. The matrimonial market has been quoted lately as "dull and nothing doing," but we sincerely hope there will be an improvement and that we can soon change the quotations to "Active." Our ministers have had very little to do in that line for some time, and our reporters, have about forgotten how to write up a wedding. We hope both ministers and reporters will soon have something to do in that line.

Highest of all in Leavening Power.—U. S. Gov't Report, Aug. 27, 1889.

# Royal Baking Powder

ABSOLUTELY PURE

—The Columbia correspondent of the Charleston World in their issue of January 31st says "The Winoboro News and Herald states that James W. Kirkland, of Monticello, will take the position of captain of the penitentiary guard, March 1st. Superintendent Talbert said to-night this is a mistake he had appointed no one." We desire simply to say that the source of information on which we published the above was sufficient to justify us in doing so.  
—The sexton of the Methodist Church was walking in the grave yard on Sunday night before services, when in company with two friends, a four-legged animal growled at them and gave the boys a temporary scare. The animal was killed and turned out to be a big fat possum. Our friend, the sexton, enjoyed a possum dinner Monday. He said he hated to kill that possum on Sunday, but he did not know when he would get as good a chance again, and meat was scarce at his house.  
—The reads throughout the county are reported as being in very bad condition. We do not know that anyone is to blame for this state of affairs, but rather think it is owing to the excessive rains that have fallen this winter, and the great amount of hauling that has been done. However we trust our County Commissioners and road overseers will go to work as soon as possible, and get the roads in shape. In the meantime suggestions are in order, looking to an improvement in our system of working the roads. Our columns are open for practical suggestions.  
—We learn from rumor that a party of English capitalists have left or will shortly leave England for the purpose of inspecting some of their investments in this country among which is their recent purchase in the neighborhood of Catawba Falls. We understand they are all gentlemen of prominence in their own land, and it is expected they will visit Winoboro. As their mission is a very important one to our people of all callings, they ought to be given a hearty welcome in case they do come, and arrangements should be made to show them the resources of our county and to entertain them. It is a long time since we had a banquet, and we can celebrate the carrying of the railroad election in favor of railroads and entertain these gentlemen at the same time.  
—Further particulars with reference to the fire at the works of the Carolina Mining & Manufacturing Company at Killians develop the fact that the fire was of an entirely accidental nature it having caught from the dry floor. The loss is estimated at about \$2,500, almost if not fully covered by insurance. The management is not at all discouraged, being composed of young men of our county of known energy and perseverance, they commenced at once, hardly waiting for the debris to cool, to rebuild the burnt buildings and get things in order for work. They have a good many orders to fill and they are going right ahead to get in position to fill them. While our friends have our sympathies in their temporary back-set, they also have our congratulations on the bright prospect ahead of them.  
—In looking over the files of The News and Herald for the year 1875 we came across an item that reads something like this: "The treasurer of the bowling alley is ready to pay a second dividend of fifty per cent on the stock." Now this appears to us to have been a paying institution, not only from a financial standpoint, but also in the way of good, solid fun and healthful exercise. As we have some capitalists in our midst who are always on the lookout for good investments, we suggest that a bowling alley association be organized, and let us have not only the profit that is in it but the pleasure also. There was also in these same good old times several spelling bees held, in which old and young participated to their mutual pleasure and profit. Let some one move in these matters and see if they cannot be revived.  
**Children Cry for Pitcher's Castoria.**  
**DEATH OF MR. J. C. BRICE.**—Mr. J. Clarence Brice, son of the late John A. Brice of Woodwards, died on Wednesday, and was buried on Thursday at New Hope Church. He leaves a wife and several children, who have our sincere sympathies.  
**PERSONAL.**—Mr. and Mrs. Calvin Rabb, of Monticello, are on a visit to their parents Capt. and Mrs. Hayne McMeekin.  
Gen. John Bratton was in town on Monday.  
Miss Mattie Mackorell, of Blackstock, is visiting in town.  
Miss Izelle Bratton is visiting in town.  
Miss Daisy Hoffman, of Blythehood, is in town visiting her sister, Mrs. Preston Rion.  
Mr. G. B. McMaster and his sister, Miss Mary, returned to Columbia on Monday.  
Mr. O. R. Withers, one of our University students, was in town on Monday.  
Miss Emily W. Thomas, of Ridgeway, is visiting the family of Capt. C. S. Dwight.  
—A beautiful young lady became so sadly disfigured with pimples and blotches that it was feared she would die of grief. A friend recommended Ayer's Sarsaparilla, which she took, and was completely cured. She is now one of the fairest of the fair.

Bankruptcy is staring you in the face when you plant for another crop like last year. Now what is the remedy? It is very simple and plain, to sow oats and plant corn to feed your stock, and in addition to that, plant corn enough to bread your families and would you have a surplus feed it to hogs. You can easily do this and then raise all the cotton that will be wanted. Five millions of bales of cotton raised this year will bring you more dollars than eight millions, why produce the extra three millions when you cannot possibly derive any benefit. I am thoroughly convinced that the cotton belt of the United States is destined to be the richest country in the world, and its destiny is in the hands of the farmers, and you must act intelligently to develop it.  
Many of you have doubled and even trebled the yield of cotton per acre in the last few years by the judicious use of fertilizers, now do the same thing with grain, and you will soon be the most prosperous people on the face of the globe, and instead of hunting diligently where you can borrow some money you will be hunting places for investment.  
W. R. DOTT.

When Baby was sick, we gave her Castoria.  
When she was a Child, she cried for Castoria.  
When she became a Woman, she clung to Castoria.  
When she had Children, she gave them Castoria.

## ITEMS FROM STROTHER.

Measrs. Editors: As I have not seen any items from this place in some time, I will try and give you a few dots. We are having plenty of rain and cold weather at this time, but I trust the weather will soon moderate. There is a good deal of sickness in the neighborhood.  
Mr. James I. Long has been quite sick the past few days, but am glad to hear he is convalescing, and I hope to see him out in a few days.  
There has been very little grain sown in our community, but the farmers are all busy preparing for their future crop. Some are breaking up their lands, and some are splitting rails etc.  
Miss L. R. Macon is still a great sufferer, and it seems that there is no chance for her recovery, but I truly hope the blessed Lord will soon find relief for her.  
Miss Cammings's Cogger, one of Lexington's fair flowers, has returned to her home, after a pleasant visit to relatives and friends.  
One of the happiest events of the season occurred at Santee, last night, which was the marriage of Miss Genia Zealy, one of Fairfield's fairest flowers to Mr. Milo B. Martin, also of Fairfield. I extend my congratulations to Mr. and Mrs. Martin and wish them a long and happy life.  
Mr. James E. Suber has been quite sick with pneumonia, but was attended by the young and experienced Doctor D. M. Providence and is now convalescing. Doctor Providence has been in our neighborhood but a short while, yet he has many friends and is kept very busy.  
Capt. W. J. Clowney is home from Georgia, and is to remain and winter farming this year.  
Miss Blanche Clowney is sick with a very bad cold, and she is very much afraid of a gripper.  
Parties are very scarce, have not been any in some time. Hoping to see this in print, I will close.  
February 5, 1891.  
**Not One in Ten**  
Of the people you meet from day to day has perfectly pure, healthy blood. The hereditary scrofulous taint afflicts the large majority of people, while many others acquire diseases from impure air, improper food and wrong indulgences. Hence the imperative necessity for a reliable blood purifier like Hood's Sarsaparilla, which eradicates every impurity, and gives to the blood vitality and health. It cures scrofula, salt rheum, humors, boils, pimples and all other affections caused by impurities or poisonous germs in the blood. All that is asked for Hood's Sarsaparilla is that it be given a fair trial.  
**LEGATY OF ARREST BY TELEGRAM.**  
The answer in the very interesting case of Mr. J. G. Pope against Mr. Wingfield W. Higbe was filed to-day by Col. John T. Rhett, Mr. Higbe's Attorney. The summons and complaint of Obear, Douglass and McDonald have already been published in the News and Courier. Apart from the \$15,000 damages involved in the case the proceedings and the result will be heard and received with interest, because the legal issue covers a question on which there has not been a decision by the Supreme Court. The following are the important paragraphs of the answer:  
1. The defendant W. W. Higbe, by John T. Rhett, his attorney, answering the complaint herein, denies each and every allegation thereof except that, as chief police, he did arrest and detain for a short time the plaintiff.  
2. For a further defense to said action the defendant alleges that he did arrest the plaintiff on a receipt of a telegram from the chief of police of the City of Augusta, Georgia, requesting his arrest and charging him with a serious crime, which telegram was shown to the plaintiff on his arrest. That the same was done without malice and on probable cause. That the plaintiff waived recognition and voluntarily appeared in court, and that the plaintiff's arrest was lawful and proper, and caused no damage either to the person, character or credit of the plaintiff.  
Wherefore the defendant prays, etc. Sworn to by W. W. Higbe.—News and Courier.  
—Mrs. Dr. Coombs of Horse Cave, Ky., says: "My children had gapes, cholera, and were threatened before I began using Garter's magic chicken cholera cure; since then, they have no gapes or cholera. Their plumage is fine, and they produce an abundance of eggs." For sale by Dr. W. E. Aiken.  
Buckley's Arnica Salve.  
The Best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Festered Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, or perfect satisfaction, or money refunded. Price 25 cents per box. For sale by McMaster, Brice & Ketchin.

Thousands of dollars worth of chickens are destroyed by Cholera every year. It is more fatal to them than all other diseases combined. But the discovery of a liquid remedy that positively destroys the Microbes has been made. Half of the young chickens are killed by Microbes before they are fyers. A 50-cent bottle is enough for 100 chickens. It is guaranteed. If, after using two-thirds of a bottle you are not satisfied with it as a cure for Cholera, return it to the druggist from whom you purchased it, and he will refund your money.  
For sale by  
**DR. W. E. AIKEN**  
Winoboro, S. C.

An Attractive POKER ALMANAC  
Combined with a BROWN'S IRON BITTERS  
the best tonic, given away at drug and general stores. Apply at once.

When Doctors Fall Out.  
"A PHILOSOPHY for dogs" is what Carlyle pronounced one of Prof. Tyndall's carefully prepared lectures. He said it with a distinguished sneer, too. While certain authorities like these disagree, you cannot blame the public for being chary in the premises; but when from all sides a subject is showered with universal commendation, it is becoming in you to be of a similar mind. It would require columns to merely note the numerous sources from which we have here commendations of Dr. Westmoreland's Calisyca Tonic. Its popularity is phenomenal. Mr. J. S. Buckhalter, of Augusta, Ga., finds the Tonic a rare anti-periodic and an eradicator of malarial poison from the system. He is pleased to recommend it to his friends. It is for sale by all druggists. Wholesale by McMaster, Brice & Ketchin.

We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Buckley's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every penny, and show ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. McMaster, Brice & Ketchin, Druggists.

**TO ALL ROAD OVERSEERS:**  
You are hereby notified and required to summon the hands subject to road duty on the several sections of public highway under your supervision and to work the roads at least two days and put them in good condition before the 15th February next. By order of Board of County Commissioners.
